**DILOSA LLC***New Orleans, LA**2017-2018*

My duties at Dilosa LLC centered around processes and procedures. I was responsible for developing processes to ensure efficiency and efficacy in all aspects of their evolving business model. This included spreadsheet development to better organize financial information, and strategic project planning for real estate development projects.

**B3 CONSILTING, LLC***New Orleans, LA**2017-2018*

I specifically work in the business to business consulting branch. I specialize in community outreach with projects that require community engagement and approval. Additionally, I have set up websites for clients.

**NEW ORLEANS EAST HOSPITAL***New Orleans, LA**2016-2017*

My responsibilities at New Orleans East Hospital included being the first point of contact for patients entering the emergency room as well as recording brief patient histories.

**MEHARRY MEDICAL COLLEGE***Nashville, TN**2012*

During my time at Meharry I interned with physicians in many different fields. These fields included trauma, emergency medicine, family medicine, pediatrics, endocrinology, obstetrics and orthopedic surgery. I learned how to communicate effectively with patients and their families in addition to gaining a deeper knowledge of the intricacies of patient care.

**UNIVERSITY/VOLUNTEER  
EXPERIENCE****LOUISIANA STATE UNIVERSITY SCHOOL OF MEDICINE GUATEMALAN  
MEDICAL MISSION***Guatemala**2017*

During this medical mission trip we provided medical services to villages in the mountain regions of Guatemala in Central America. My duties included taking patient histories, collecting vital signs, assisting in diagnoses and basic translation.

**LOUISIANA STATE UNIVERSITY SCHOOL OF MEDICINE HEALTH FAIR***New Orleans, LA**2017*

I worked closely with LSU medical students and a non-profit re-entry program, The First 72+, to provide free healthcare services to recently released inmates and community members in the greater New Orleans area.

**GOLDRING CENTER FOR CULINARY MEDICINE***New Orleans, LA**2015-2016*

During this volunteer experience I assisted in running both community and medical student classes. My responsibilities included providing general knowledge regarding the health benefits of the food being prepared during the class, classroom set up, classroom cleanup, as well as being available for student and community member questions throughout.

## BROWN ELEMENTARY AFTER-SCHOOL MENTORING (B.E.A.M.)

*Providence, RI*

2015

B.E.A.M. is an immersive community volunteering program in which volunteers spend time teaching after hours in a local elementary school. My role in this program required weekly lesson plans for a class of 20 students. In addition to a comprehensive semester-long lesson, I also provided homework help while simultaneously building strong personal relationships with each student and their parents.
