RELEVANT EXPERIENCE

Biden For President

Committee for Joe Intern

Washington, DC

July 2020 – November 2020

In my volunteer role as Committee for Joe Intern, I managed and coordinated communications between campaign and committee leaders. Additionally, I assisted with the recruitment of over 500 committee members and facilitated weekly campaign and committee meetings, which worked towards high priority issues involving fundraising, phone banking, and recruitment of legal advisors. I was also in charge of the committee email through which all communications proceeded, thus I was in charge of all day-to-day operations, such as fielding questions from committee members and campaign staff, arranging meetings, and providing connections.

Georgetown University

Seminar Course Assistant

Washington, DC

August 2020 – December 2020

As a Seminar Course Assistant, I contributed to the lesson plans and class meetings for Georgetown's first-year seminar course, Building Equitable Societies: Just Beginning. In this role, I additionally maintained the organization of the course by running the course's website as well as by answering questions from the students. I was compensated \$15 per hour for my work in this position.

CASA of Travis County

CASA Superhero Run Intern

Austin, TX

May 2019 – August 2019

As a volunteer CASA Superhero Run Intern, I remotely planned and managed the operations of the virtual CASA Superhero Run. In light of the COVID-19 pandemic, the annual 5K had to be converted to a virtual format. I helped with this transition by managing registrations on the website, assisting with social media, recruiting participants via phone call and/or email, and running the event's email. Additionally, I tracked the fundraising levels of the event and trained participants on best practices for fundraising, leading the Superhero Run to surpass the fundraising goal by raising over \$120,000.

Ann & Robert H. Lurie Children's Hospital of Chicago Foundation

Community Engagement Intern

Chicago, IL

May 2019 – August 2019

In my volunteer role as Community Engagement Intern, I assisted with the day-to-day operations of the Community Engagement Team. I helped plan and execute fundraisers by securing sponsors, tracking budgets, recruiting participants, working with vendors, helping manage the day-of event operations, and assisting with the post-event wrap up. Additionally, I conducted comparative research on comparable foundations in order to improve internal operations and efficiency. I was also responsible for designing and leading social media content and campaigns for the Foundation.

Ann & Robert H. Lurie Children's Bridges Teen Leadership Council

Co-Founder and Co-President

Chicago, IL

August 2013 – Present

As the Co-Founder and Co-President of the non-profit organization, I created and managed all of the operations, including the non-profit's budgets. I recruited over 200 board members during the first year and formed an executive board, for which I created positions and applications that I then used to select the members fit for the job. In this role, I delegated tasks to the board members and the executive board who then reported back to me on their progress. Additionally, I led and planned meetings, fundraising events, and dance marathons. Under my leadership, the non-profit's first dance marathon broke the record for most money raised by a high school dance marathon for a Children's Miracle Network Hospital, a record that the board has since broken each following year. Upon my graduation from high school, I put in place provisions to ensure that the board would continue running smoothly with the absence of its founding members. Currently, I continue to advise the executive board, and the non-profit has raised over \$350,000 for Ann & Robert H. Lurie Children's Hospital of Chicago.

COCURRICULAR EXPERIENCE

Georgetown University Club Lacrosse, Georgetown University

Washington, DC

Co-Captain

September 2017 – Present

In my role as a Co-Captain of the Women's Club Lacrosse Team, I help lead the team of over forty undergraduate women. My responsibilities range from leading team selection, scheduling and running of practices and games, working with the University, and managing the budget. I also lead the team in bonding activities outside of lacrosse in order to foster a community environment.

Francis Scott Key Elementary School, Georgetown University

Arlington, VA

Volunteer Tutor

January 2020 – March 2020

As a volunteer tutor at Francis Scott Key Elementary School, I tutored first-grade Spanish-speaking students. These students had been identified by the school as falling behind their peers in reading in English. As a tutor, I helped these students increase their English reading ability in a bilingual learning environment through reading activities designed to enhance their skills.

Axios Ambassador Program, Georgetown University

Washington, DC

Campus Ambassador

August 2018 – May 2019

As a Campus Ambassador for Axios, I recruited new subscribers to their daily and weekly newsletters in order to promote engagement with current events in the world. I did this by forwarding examples of the daily emails to classmates and friends and by talking about the company with professors and peers.
