## Endnotes

| PART | # | ENDNOTE  |
|------|---|--|
| 6.   | 9 | The direct beneficiary of this IRA trust is the surviving parent; however, there is a vested remainder interest subject to complete defeasance shared by three additional trustees, including the filer. Filer is reporting the current total value/income of each item in the trust rather than any future share that might remain in the trust following the death of the primary beneficiary. Because there are two other beneficiaries with the same vested remainder interest, I only have a future beneficial interest in at most one third of the value of the trust. |

# Summary of Contents

## 1. Filer's Positions Held Outside United States Government

Part 1 discloses positions that the filer held at any time during the reporting period (excluding positions with the United States Government). Positions are reportable even if the filer did not receive compensation.

This section does not include assets or income from United States Government employment or assets that were acquired separately from the filer's business, employment, or other income-generating activities (e.g., assets purchased through a brokerage account). The filer discloses payments both from employers and from any clients to whom the filer personally provided services. The filer discloses a source even if the source made its payment to the filer's employer and not to the filer. This section does not include assets or income from United States Government employment or assets that were acquired separately from the filer's spouse's business, employment, or other income-generating activities (e.g., assets purchased through a brokerage account).
