

# ADAM BECKMAN

(b)(6)

## EDUCATION

**Harvard Medical School & Harvard Business School** Expected 2022

- M.D., M.B.A. with clinical training at Brigham & Women's Hospital; highest evaluation for medicine sub-internship

**Yale University**, *Summa cum laude*, Phi Beta Kappa early election 2016

- B.S. in Molecular, Cellular, and Developmental Biology (Intensive Track, with Distinction) & Yale Global Health Scholar, GPA: 3.99

## EXPERIENCE

**Office of Dr. Vivek Murthy** *Special Assistant to Dr. Murthy* Nov. 2020–present

- Briefed and advised nominee for 21<sup>st</sup> Surgeon General of the United States on science and health policy

**Biden for President, Covid-19 Policy Team** *Chief of Staff & Senior Advisor (Volunteer)* April–Nov. 2020

- Supported health experts in advising the Presidential and Vice Presidential candidates during weekly briefings
- Built and managed a >20 person volunteer team responsible for daily reports, rapid response policy memos, and >12 health proposals reviewed by >30 policy experts; recognized by Co-Chairs for team's quality, efficiency, and reliability
- Served on the campaign's national Health Policy Committee and subcommittees (Delivery Reform, Quality)

### Aledade

*Initiatives Specialist* 2016–17

*Part-time employee, Part-time consultant* 2017–18, 2019–2020

- Designed, piloted, and scaled initiatives to improve primary care quality and reduce costs with 14 ACOs in 15 states
- Led 8-person sprint team for highest 2017 company priority (scorecards to evaluate quality and cost of specialist physicians) and represented the organization in expert meetings
- Assisted with launch of evaluation division (Impact Analytics) with division's leader and co-led first peer-reviewed assessment
- Contributed to C-suite strategy (Board meetings, VP hiring, MSSP revenue strategy) and published policy analysis with CEO and Board member
- Selected by colleagues as Employee of the Month and by CEO for recognition of exceptional performance

**Covid19Bill.org** *Co-Founder & Advisor* 2020

- Organized >50 experts in advising Congress about Covid-19 stimulus priorities (work featured in *The New Yorker*)
- Published policy articles including with former CMS Administrators and former White House health advisors

**GetUsPPE** *Founding Member* 2020

- Helped launch non-profit distributing personal protective equipment (GetUsPPE.org was featured in *CNN*, *WSJ*, *TIME*)
- Created initial data science team (co-led publication in *The Lancet*) and prepared policy memo for government officials

**Harvard Medical School** *Health Policy Researcher* 2019–present

- Conducted original health policy research; established research collaborations (The Commonwealth Fund, BCBS NC)

**Global Health Justice Partnership at Yale Law School** *Project Lead, Student Co-Director* 2014–18, 2015–16

- Led initiative to improve access in state prisons to curative hepatitis C therapies, catalyzing state policy reforms (original article in *Health Affairs* was featured in *NYT*, *NPR*, 538)
- Co-coordinated program of 80 students across multiple Yale graduate schools

**Center for Outcomes Research & Evaluation at Yale-New Haven Hospital** *Student Researcher* 2014–2017

- Co-authored seven research articles about health care quality and access in the United States and China

**Student Partnerships for Global Health at Yale College** *Co-Founder & Co-Director, Advisor* 2013–14, 2014–16

- Founded student organization that implemented research and development projects with community partners in Ecuador and Nicaragua; recruited >20 students and led first teams through design and completion

## RECOGNITION

- Health research and writing (>40 publications, 23 PubMed indexed articles) published in *The Lancet*, *Health Affairs* and *New England Journal of Medicine Catalyst* and featured in *The New Yorker*, *The New York Times* and *Politico*

- *Zetema Fellow* (2021): Selected as a “United States healthcare policy leader of the future”
- *Foster Policy, Advocacy, and Media Scholar* (2021) at Massachusetts General Hospital and Harvard Medical School
- *Gordon Cup* (2016): For the graduating student who “by character, personality and leadership, and by participation in the activities of the University has inspired in others a devotion to the finest traditions of Yale”
- Selected research awards: *Massachusetts American College of Physicians First Place Research Award* (2020), *American Public Health Association Student Award* (2016), *American Heart Association QCOR Best Abstract* (2016)
- *Business Insider* (2016): Named by undergraduate peers as “one of the 13 most impressive students at Yale”
- Selected for 7 awards and fellowships by Yale College for health outcomes, basic science, and care delivery research
